canvas™ X 2019

Illustrate your world with industrial precision

- All-in-one graphic design and technical illustration software
- Comprehensive vector illustration and image editing tools
- Work in extraordinary detail with 0.035 micron accuracy
- Share projects in a wide variety of layouts and formats
- Helpful built-in Canvas Assistant and dynamic help

Application Overview

Smart Toolbox
Have the current tool and any related tools right at hand. Resize or lock your tool palettes so that they are always available.

Annotation Tools
Label objects in you document with custom or automatic numbers and letters.

Dimensioning Tools
Automatically measure objects using both metric and English units.

Paint Tools
Apply color, make selections, edit, retouch, color-correct, and clone.

Properties Bar
View the most relevant settings and options at all times.

Canvas Assistant
Get help automatically when you need it most.

Comments/Markup Palette
Facilitate document reviews by sharing comments or indicating corrections.

Symbol Library
Create custom symbols and easily organize new Canvas symbol sets.

CANVAS™

canvas™ X 2019 Top New Features

Tables

Create tables for your data: components, changes, parts lists, legends, and more. Easily create, customize, and add to tables.
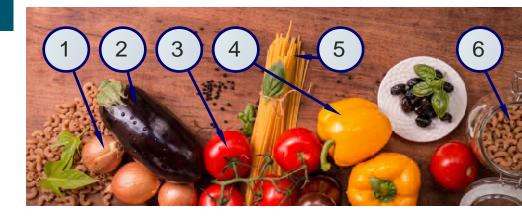

Copy and paste data straight from Excel[(R)] and other sources.

Food #	Type	Quantity	Calories	Protein
1	Onion	3	41	1.3g
2	Eggplant	1	198	4.7g
3	Tomato	5	22	1.1g
4	Yellow Pepper	2	50	1.9g
5	Pasta (Type 1)	79	210	7.4g
6	Pasta (Type 2)	141	180	7g

Automatic Annotations
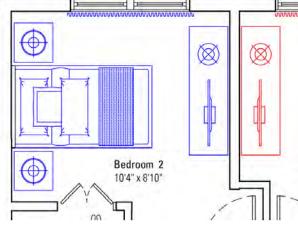

Annotation Notes now supports auto-numbering and auto-alphabetizing.

Use an EasyShape like a circle, rectangle, or diamond shape for annotations.

Mirror Tool

Mirror will make a reverse copy of selected objects in 2 clicks. The mirroring axis can be drawn or snapped to other objects and rotated freely.
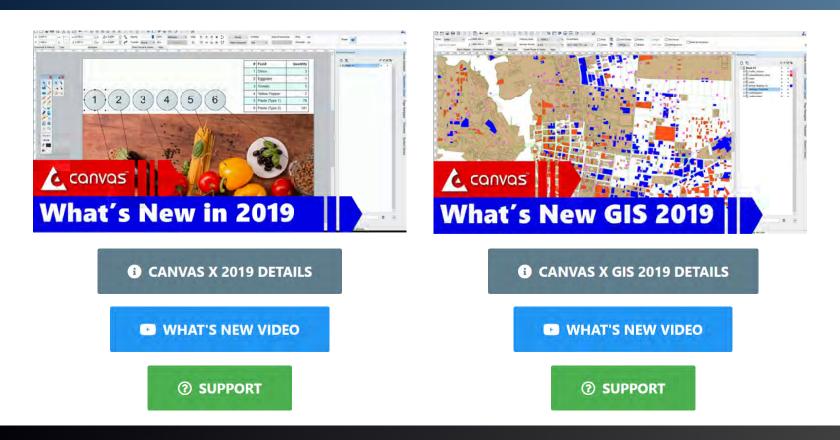

Bedroom 2
10'4" x 8'10"

Bedroom 3
10'4" x 8'10"
